Canon

imageRUNNER™ 7200

HIGH-PERFORMANCE MULTIFUNCTIONALITY IS NOW WITHIN YOUR REACH

Introducing the Canon imageRUNNER™ 7200—a high-speed digital copier, network printer, network scanner, and office communications hub, all in one.

Stop wasting valuable time working around the limitations of your office equipment. With the Canon imageRUNNER 7200's extensive feature set, you can complete a job exactly as you want it, in as few steps as possible. Whether your document requires basic copying and finishing, on-line printing and insertion, scanning and archiving, or manipulation and distribution, rely on just ONE device—the imageRUNNER 7200—to get every piece of the job done.

Walk Up to a World of Possibilities...

The imageRUNNER 7200 comes standard as a 72-page-per-minute digital copier. Up to 100 originals can be fed through the device's automatic document feeder to accommodate large document sets. Documents can be copied onto a wide variety of paper sizes and types, including tabs, transparencies, and card stock. The imageRUNNER 7200 can be equipped with up to six different paper sources for a total of 7,650 letter-sized sheets. Automatic paper tray switching and on-the-fly paper reloading further enhance productivity.

As a stand-alone copier, the imageRUNNER 7200 boasts a number of standard features, such as Trayless Duplexing, Proof Print, Sample Set, Pagination, Sheet and Cover Insertion, Image Combination, and Copying onto Tabs, that makes the completion of everyday jobs quicker and easier. To facilitate the production of complex jobs, the imageRUNNER 7200 also has a 10GB Hard Drive as standard. This internal image server hosts a number of unique features, such as Job Build, Copy Reservation, Scan-Once-Print-Many, Auto Image Orientation, Forms Storage, and Job Done Notification.

The imageRUNNER 7200 also offers several choices in finishing. Three distinct finishers are available that are designed to handle the applications most common to high-volume departments. From stapling to hole-punching, saddle-stitched booklet-making, booklet-trimming, z-folding, and post-process insertion, the imageRUNNER 7200 can be configured to meet all your document-finishing needs.

...Or Take On the World from Your Desktop

When configured with one of two optional print controllers, the imageRUNNER 7200 becomes a powerful networked device, giving users full access to the imageRUNNER 7200's advanced capabilities right from their desktops. Users can choose either the Canon-designed Network Multi-PDL Printer Kit-B3 or the imagePASS-M1 Print Controller, developed by Canon and Electronics for Imaging. Both enable 2400 x 600 dpi interpolated print resolution, and are designed to integrate seamlessly with your existing network infrastructure.

Both controller choices also come with extremely easy-to-use printer driver software. Some advanced features of Canon printer drivers include the ability to save frequently used Job Profiles, insert annotations, add watermarks, and send confidential/sensitive documents to the printer as a Secured Print. The imageRUNNER 7200's printer drivers also come with Canon's Page Composer software, a document make-ready tool that allows users to review and manipulate whole documents before printing.

When two imageRUNNER 7200, imageRUNNER™ 8500, or imageRUNNER™ 105 devices are connected on a network, customers have access to even more powerful capabilities, without any added cost. Using the Remote Copy feature, a user can scan an original at an imageRUNNER 7200, imageRUNNER 8500, or imageRUNNER 105 and print it on another. And the Cascade Copy feature allows users to split a print job between two different imageRUNNER 7200, imageRUNNER 8500, or imageRUNNER 105 devices on the network for a combined output speed of up to 177 pages per minute (with the imageRUNNER 105 as a selected device).

Digitize and Organize

Like its predecessors, the imageRUNNER 7200 provides users with tremendous flexibility in converting hard-copy documents to electronic form. All network-connected imageRUNNER 7200 devices come equipped with Canon's Network ScanGear software that allows users running TWAIN-compliant software applications to scan documents from the device for transmission over the network. Scanned images can then be manipulated at the desktop as needed.

Canon's eCopy™ ShareScan™ option can also be configured with the imageRUNNER 7200, allowing users to scan and send their documents via E-mail, fax, or to the desktop at the touch of a button. Once documents are scanned to a user's PC, Canon's eCopy Desktop™ Software can then be used to manipulate the images via an extensive group of markup tools.

Users can also scan and store hard-copy originals directly on the imageRUNNER 7200's hard drive using the device's standard Mail Box function. Up to 100 user Mail Boxes are available for storage with a total document capacity of 7,700 pages. Once scanned, documents can be moved between Mail Boxes, combined, renamed, erased, and printed as needed.

Canon's optional Universal Send™ upgrade, combined with eCopy Desktop Software, takes the imageRUNNER 7200's scanning capabilities even further. Using Universal Send, hard-copy documents can be scanned at the device and delivered to multiple destinations simultaneously. The advanced functions of Universal Send allow users to communicate, manage, and share information as never before.

Networking Know-how

The imageRUNNER 7200, like all Canon networked systems, ships standard with Canon's Remote User-interface (UI) Software and NetSpot® Suite. Using Canon's Remote UI™ feature, a user can access device status and configuration, job status, address books, and more, simply by entering the IP address of the device using a standard web browser. Users can stop, start, or reprint jobs, and send images stored in Mail Boxes, all from a desktop PC, and with no additional software requirements.

Canon's NetSpot Suite, which consists of NetSpot Console, Job Monitor, and Accountant,* provides basic installation support, device and job management, as well as comprehensive job tracking and analysis for cost-accounting and workflow optimization. In addition to the NetSpot utilities, Canon also supplies plug-in modules for the most popular enterprise-management applications in use today.

**Optional utility. Please check with your Canon-authorized dealer for availability.*

PRINTED ON RECYCLED PAPER IN THE U.S.A.

imageRUNNER 7200 Specifications

Type:	Digital, Multifunction Imaging System
Imaging System:	Laser Dry Electrostatic Transfer
Developing System:	Dry Monocomponent Toner Projection
Image Server Memory:	Standard 192MB RAM + 10GB HDD
First-copy Time:	3.1 Seconds from Platen Glass 4.3 Seconds from ADF
Warm-up Time:	6 Minutes or Less
Acceptable Originals:	Sheets, Books, 3-dimensional Items
Max. Original Size:	11" x 17" (Ledger)
Max. Copy Size:	11" x 17" (Ledger)
Min. Copy Size:	4-1/8" x 5-7/8"
Max. Copy Reservation:	5 Jobs
Copy/Scanning Resolution:	600 dpi x 600 dpi 1200 dpi x 600 dpi Interpolated
Printing Resolution:	600 dpi x 600 dpi 2400 dpi x 600 dpi Interpolated
Halftone:	256 Gradations of Gray
Copy Speed:	72 cpm (Letter) 36 cpm (Ledger)
Duplexing:	Standard Automatic Trayless
Magnification Reduction/ Enlargement:	25% to 400% in 1% Increments
Paper Supply	
Standard:	Dual Front-loading Trays (1,500 Sheets Each) Dual Front-loading Cassettes (550 Sheets Each) 50-sheet Stack Bypass
Optional:	3,500-sheet Paper Deck-M1 (Total: 7,650 Sheets)
Multiple Copies:	1 to 9,999
Paper Weights:	17 lb. Bond to 110 lb. Index (All Paper Sources)
Mail Box:	100 (7,700 Pages/Letter)
Dept. ID:	1,000 (7-digit IDs and Passwords)

Supplies

Drum:	Amorphous Silicon – Estimated Yield: 5,000,000 Impressions
Maximum Duty Cycle:	350,000 Impressions per Month
Toner:	Magnetic Positive Toner – Estimated Yield: 33,000 Images

ACCESSORIES

Automatic Document Feeder

Acceptable Originals:	Statement to Ledger
Scanning Speed:	55 ppm (Letter)
Capacity:	100 Sheets (All Sizes/20 lb.)
Paper Weights:	13 lb. Bond to 32 lb. Index

Finisher-K1N/K2N (Optional)

Number of Trays:	2 Trays
Tray Capacity	
Top Tray:	1,000 Sheets (All Sizes) Offset Stacking
Lower Tray:	2,000 Sheets (Letter) 1,000 Sheets (11" x 17", Legal) Offset Stacking
Staple Position:	1 - Any Corner 2 - Side Margin
Max. Stapling Capacity:	100 Sheets (Letter/Statement) 50 Sheets (Letter-R/Legal/11" x 17")
Hole-punch (K2N Only):	3 Holes (11" x 17", Letter) 2 Holes (Legal, Letter-R)

Saddle Finisher-K3N (Optional)

Number of Trays:	3 Trays
Tray Capacity	
Top Tray:	1,000 Sheets (All Sizes) Offset Stacking
Lower Tray:	2,000 Sheets (Letter) 1,000 Sheets (11" x 17", Legal) Offset Stacking
Saddle-stitch Tray:	30 Sets
Staple Position:	1 - Any Corner 2 - Side Margin
Max. Stapling Capacity:	100 Sheets (Letter/Statement) 50 Sheets (Letter-R/Legal/11" x 17")
Hole-punch:	3 Holes (11" x 17", Letter) 2 Holes (Legal, Letter-R)
Saddle-stitch Capabilities	
Saddle-stitch Paper Sizes:	11" x 17", Letter
Stapling Capacity:	15 Sheets (60 Pages)
Folding:	V-folding Standard

Paper Deck-M1 (Optional)

Paper Capacity:	3,500 Sheets
Paper Size:	Letter
Paper Weights:	17 lb. Bond to 110 lb. Index

Document Insertion Unit-B1▲ (Optional)

Paper Sizes:	Letter-R to 11" x 17"
Paper Weights:	17 lb. Bond to 110 lb. Index
Feeder Capacity:	Letter, Letter-R: 100 Sheets Legal, 11" x 17": 50 Sheets

Paper Folding Unit-C1▲ (Optional)

Paper Sizes:	11" x 17" Only
Paper Weights:	17 lb. Bond to 22 lb. Bond
Fold Type:	Z-fold

Booklet Trimmer-A1▲ (Optional)

Sheet Capacity:	30 Sheets (60 Pages)
Stack Capacity:	2,000 Pages
Dust Capacity:	2,000 Pages

Network Multi-PDL Printer Kit-B3 (Optional)

PDL Support:	PostScript® 3 Emulation PCL® 5e, PCL® 6
Interface Connections:	RJ-45 (10/100Base-T) IEEE 1284 Token Ring (Optional Card)■
Protocol Stacks:	Ethernet IPX/SPX™: 802.2, 802.3 Ethernet II, 802.2 SNAP TCP/IP AppleTalk® Phase II
Network OS:	Novell® NetWare® v3.2, 4.1, 4.11, 4.2, 5, 5.1 Windows® 95/98/Me Windows NT® 4.0/2000/XP Solaris™ 1.x, 2.5 or Later* Apple System 7.5 or Higher
Print Service:	NDPS, Port 9100, IPP
Additional Functions Supported:	Network ScanGear, Remote UI, NetSpot, Universal Send

Canon imagePASS-M1 Print Controller (Optional)■

Hardware:	External Stand-alone Controller
Processor:	Intel® Mobile Pentium® III 500MHz
Memory:	128MB DIMM
Storage:	10.2GB Hard Disk Drive
PDL Support:	Adobe® PostScript 3 PCL 5e, PCL 6, PJL
Interface Connections:	RJ-45 (10/100Base-T) IEEE 1284 Token Ring (Optional Card)
Protocol Stacks:	Ethernet IPX/SPX: 802.2, 802.3 Ethernet II, 802.2 SNAP TCP/IP AppleTalk: 802.2 SNAP and AppleTalk Phase II
Network OS:	Novell NetWare v3.2, 4.1, 4.11, 4.2, 5, 5.1 Windows 95/98/Me Windows NT4.0/2000 Solaris 1.x, 2.5 or Later* Apple® System 8.6 or Higher
Print Service:	NDPS, Port 9100, IPP
Additional Functions Supported:	Network ScanGear, Remote UI, Universal Send, NetSpot (except Job Monitor)
Additional Functions Standard:	Command WorkStation,™ Fiery® Downloader,™ Fiery Link,™ WebTools

Send Expansion—AI SET (for Universal Send Support)

Sending Method:	E-mail, I-fax, Database (Salutation), File Server (IPX, FTP, SMB)
Address Book Capacity:	Maximum 1,800
File Format:	TIFF, PDF, MTIFF
Sending Size:	Statement to Ledger
Scan Density:	200 dpi, 300 dpi, 400 dpi, 600 dpi

*Please check with your local Canon-authorized Dealer for availability.

▲The Document Insertion Unit-B1, the Paper Folding Unit-C1, and the Booklet Trimmer-A1 can only be used with the Saddle Finisher-K3N.

■The imageRUNNER 7200 is not ENERGY STAR® compliant when attached to the optional Token Ring Adapter on the Network Multi-PDL Printer Kit-B3 or the optional imagePASS-M1 Print Controller.
